INTERNATIONAL CONFERENCE ON INTELLIGENT COMPUTING AND DATA ANALYTICS

16 & 17 APRIL, 2026

ABOUT

The International Conference on Intelligent Computing and Data Analytics is a premier platform for researchers, scholars, industry professionals, and practitioners to converge and share expertise in intelligent computing and data analytics. The conference highlights cutting-edge advancements, innovative technologies, and real-world applications, facilitating collaboration and knowledge exchange among experts. Participants engage in meaningful discussions, addressing complex challenges and exploring emerging trends in the field. The event provides an opportunity to present research breakthroughs, showcase practical implementations, and network with peers. By fostering a dynamic environment, the conference aims to propel innovation and discovery in intelligent computing and data analytics. It caters to a diverse audience, including academia, industry, and research communities, promoting mutual understanding and collective growth.

CONFERENCE THEMES

(Not Limited to the following)

- Artificial Intelligence
- Autonomous Systems
- Deep Learning
- Natural Language Processing (NLP)
- Recommender Systems
- Machine Learning
- Computer Networks
- Next Generation Internet
- Quantum Computing
- Internet of Things (IoT)
- Cybersecurity
- Swarm Intelligence
- Evolutionary Computation
- Explainable AI (XAI)
- Swarm Intelligence
- Pattern Recognition
- Embedded AI Systems
- Fuzzy Logic Systems
- Data Science & Data Mining
- Blockchain Technology
- Smart Cities
- Time Series Forecasting
- Cryptography
- Ethics and Governance
- Edge Computing
- Predictive Modeling
- Sentiment Analysis

SRM Institute of Science and Technology stands as a prominent institution in India, holding a distinguished position among universities. With a student population exceeding 50,000 and a faculty contingent of over 2600 members across its multiple campuses, SRM Institute of Science and Technology offers a diverse array of undergraduate, postgraduate, and doctoral programs. These programs span across fields such as Engineering, Management, Medicine and Health Sciences, as well as Science and Humanities. SRM Institute of Science and Technology, Ramapuram Campus-part, Vadapalani Campus is a constituent of SRMIST, located in the heart of Chennai City. The campus was started in the year 2009 and is well connected by road, rail and close to the airport. This campus offers programmes in the core Engineering branches like CSE, CSE(AIML, BDA, CSBS& Cybersecurity), ECE, and Mechanical Engineering and specialization programmes.

ABOUT THE DEPARTMENT

The Department of Computer Science and Engineering (Emerging Technologies) is committed to cultivating a dynamic and intellectually stimulating learning environment. Our renowned faculty members, who are experts in a wide range of emerging technologies such as Artificial Intelligence, Data Science, Blockchain, Internet of Things (IoT), and Cybersecurity, bring a wealth of academic and industry experience to the classroom. Department is equipped with world class laboratory to support hands-on learning, research-driven projects, and a focus on interdisciplinary collaboration.

INDEXING

All accepted, registered and presented papers will be submitted for inclusion into peer reviewed Scopus indexed journal/ Book chapter.
